CHRISTCHURCH JUNIOR CRICKET ASSOCIATION

2026 SPRING FESTIVAL

Major Sponsor

It is hoped that skills developed at this Festival will provide players with added confidence to regularly compete at a high standard in their respective age groups and so increase their levels of enjoyment and commitment.

CJCA's primary objective for these festivals & subsequent matches is to provide all selected players with opportunities to further develop their skills in higher levels of cricket. While the player mix is likely to be adjusted to the team's winning tactics, strategies deployed for each team will strive to have all players develop at least the skills for which they were selected.

The festival has been the start of many players' careers at levels above Club and School teams and we are confident that more players with the talent and temperament to go on to the very highest level of cricket are playing in this festival.

This festival continues the use of artificial wickets as we feel this is the best surface to enable their skills to develop in Year 8 we attempt to source grass wickets to best prepare our players for the January Festivals which will be held on grass pitches in early January each year.

We thank our current Year Convenors including Lee Williams (Year 6), Mark Teesdale and Paul Barr (Year 7) and Dwayne McCormick (Year 8). Many thanks to them and all the other volunteers that offer their help. We simply could not run these festivals without you.

The CJCA Executive is extremely grateful for all the hard work put in by the many volunteers who help make this festival take place. These include team managers, selectors, CJCA Executive members and umpires. Please remember that, as is the case in all sports, the Umpire's decision is final and must not be debated or challenged.

A special thanks is reserved for our primary sponsor - Cricket Express, who are a significant supporter of Junior Cricket in Christchurch. Gareth Greenfield and his team - a very big thank you!

Enjoy the festival!

Rob Wilkinson - General Manager

THE NEXT OPPORTUNITY

Selection for further cricket representation...

- This selection process is similar to that for the festival with players evaluated by team coaches for their batting, bowling, fielding and wicket-keeping performances and skills.
- **Attitude of the player and contribution to the team are also important in selection for these teams.**
- This process allows for all performances and is overseen by the grade manager and an Independent representative **in Year 8** from Spring onwards.
- All teams are selected purely on merit based on the player performances, technique, attitude, and detailed analysis and feedback from the coaches.
- The selectors ignore which club or school the player comes from and there is no obligation to spread selections around to ensure all clubs and schools are represented.

CANTERBURY PRIMARY FESTIVALS – January 2027

These festivals provide an opportunity for Year 7 & 8 Boys to play in either the new Canterbury (Top of the South) events (Year 8 only eligible and in TIER 1 only TWO 10 person CJCA teams are selected) or additional Festivals which aim to ensure as many Boys as possible have an opportunity to play in an event before they leave Junior Cricket and move into Youth Cricket and for the Year 7's give them a quality event to participate in before they move into Year 8.

YEAR 8

FESTIVAL LOCATIONS 2027

Tier 1 – Mandeville (North Canterbury) 4-8 January 2027 (TWO CJCA teams (current Year 8 only) – 8 teams in total)

Year 8 Boys will be able to nominate themselves to be considered for these 2 teams (the CJCA will aim to include everyone who self-nominates in either the 2 Mandeville event teams or in the other Festival options below) this may necessitate blending some Year 7 and 8's if numbers need this – please note ONLY Year 8 Boys are eligible for the Tier 1 event – this is the new Canterbury Regional Primary Festival – Mandeville 4-7 January 2026.

Tier 2 – Nelson – 4-7 January 2027

(The CJCA will enter its 3rd & 4th Year 8 team into this Festival which will also be held 4-7 January 2027). Should spaces exist Year 7's may be selected to be included in this higher graded Festival.

Currently other teams playing this could be the 1st teams from Buller and West Coast and the 2nd teams from Marlbrorough, Nelson, South/Mid Canterbury and the 3rd team from Canterbury Country so will be a very good level of cricket and a tough Festival.

YEAR 7

Tier 3 – Christchurch 4-7 January 2027 –

The CJCA will enter Year 7 & (if required Year 8) teams into this Festival which will also be held 5-8 January 2026. Other teams will mainly be Year 7 (2025 teams) from other Districts.

Selection process for this festival and the additional teams…

- New Players are selected for this festival by attending the appropriate assessments where each player is assigned to a lane and evaluated by a Year 8 Coach or Convenor or information obtained as to their current strengths from Club/School coaches.
- From the Spring Festival an Independent qualified representative (in Year 8) will join the Year Convenor and another selector (generally a Coach who's son may have strong claims for a spot in the Tier 1 teams).
- This year our Independant Selector is Mike Dunlop a former Chair of the CJCA, coach of Festival teams and highly qualified Coach.
- The grade convenor and independent representative ensure consistency and uniformity of grading by the different lane selectors. The independent representative (at Year 8) also ensures all players are evaluated fairly and the decision-making process is transparent, rigorous, and defendable.
- In the event of the year Convenors or other Selectors having sons on the cusp of select other selectors must agree by majority that that player is a selection before the final selections process can begin
- Immediately following the Festival selectors meet and choose the various teams.
- Unfortunately, if we have more players than positions, some players may miss selection for particular team/events that they are targeting

MATCH FORMATS

SAFETY PLAYING CONDITION ALL GRADES

DANGEROUS BOWLING

Should a No Ball Delivery as described in the playing conditions be delivered that could have hit the batter a No Ball should be called and the bowler given a warning for dangerous bowling – should the same bowler delver another such delivery during the game the bowler should then receive a 2nd warning and be not permitted to bowl again in that match.

MATCH FORMATS –

YEAR 6 – 8 a-side

PLAYERS SHOULD REPORT BY 9.30AM (9.15am on Day 1)

Batting:

As this age grade will be batting in PAIRS - Coaches should rotate the placement of Pairs within their batting line up to ensure that the same pairs are not always asked to face the new ball – a new ball will only be issued to each team at the start of each day so will be used for both matches on each day.

Bowling:

Each player to bowl approximately the same number of overs throughout the festival. All players should be given the opportunity to bowl 2 overs per match. No bowler should bowl a 3rd over until all others have bowled 2 (this should only occur if a keeper wishes not to bowl).

Game Start	10:00 am & 1.15pm (approx.)	**Batting**	Batters – each batting pair will bat for 4 overs. Each dismissal will earn the bowling team 3 bonus runs.
Overs	2 x T16 on all days	**Over length**	Maximum 8 balls (except last over)
Pitch Length	16 m	**Bowlers**	Bowlers: 3 overs max per game, min 10 in festival.
Boundaries	35 m	**LBW**	Backfoot staying back only
Ball size	142 g leather	**Helmets**	Compulsory – CJCA rules apply
No Balls	For Height, 2 bounces AND Line Infringements – to be followed by Free Hit except on 8th ball of over. No ball on 8th ball scored as 2 runs.	**Wides**	Full Off-side – Half Leg Side Wide on 8th ball of overs except last to count as 2

LBW YEAR 6

LBW – Back Foot

LBWs may only be given when the bowling team appeals and if the ball (1) is pitched in line with the stumps AND (2) the player has gone onto the back foot and stayed on the back foot AND (3) hits the batter on the pads in front of the stumps, before hitting the bat AND (4) the ball was definitely going to hit the stumps. This means the player cannot be given out if the ball is pitched outside the line of the stumps (leg or offside) OR has played forward - even if the player is hit on the back pad or foot. Whilst an LBW can be given under these rules, the intention for it only to be awarded when there is no doubt whatsoever in the umpire's mind that the above conditions apply… ANY doubt – not out.

No Balls – Height or two Bounces

(1) Any delivery which passes, or would have passed above shoulder height when the striker is standing in his or her normal position shall be called a "No Ball". (2) Any delivery that passes on the full above waist height of a striker standing in his or her normal position shall be called a "No Ball". (3) Any delivery that bounces more than once, before the batter in their normal stance at the crease. (4) A no ball or wide will be scored as one run to the opposition team.

MATCH FORMATS - Year 7 – up to 10 a-side (9 ONLY FEILDING)

Batting Pods : Full rotation – each player to bat in the top, middle, and lower orders. All players are to be divided into three pods of 3 or 4 players each. Pods will remain unchanged for the three games, and each pod will bat in the top third, middle third and bottom third of the batting order. Coaches can move players within the pod from match to match. Coaches should place a mix of batting talent in each pod so to avoid all the weaker batters being in the top order when it is that pods turn to bat in the top third.

By the end of Day 2 all players should have had an opportunity to bat in each of the three thirds of the batting order.

Pitch Length	18 m	**Helmets**	Compulsory – CJCA rules apply

To assist Umpires with this condition there must be 3 players closer to the batter than the Boundary
